

Impact Bargaining  
BOT Proposal #1  
May 3, 2018

The UCF chapter of the United Faculty of Florida demand impact bargaining over the revisions to UCF Policy 4-403.1 Required Elements of the Course Syllabus effective 2/16/2018.

Two major language changes have a profound impact on the instructional assignments of our employees.

“Faculty members teaching in all modalities must also post their syllabi within Webcourses...”

“To ensure students have prompt feedback, and knowledge of their progress, faculty members must record all grades in Webcourses...”

The implementation of this policy will require employees who normally not rely on Webcourses@UCF to distribute the syllabus or record and communicate grades.

To minimize the impact to our employees and students, UFF-UCF proposes the following:

1. The University shall make available face-to-face and virtual Webcourses@UCF syllabus and gradebook training sessions each semester until the beginning of the 2020-2021 Academic Year.
